Certificate of Completion

This is to certify that

Student Remedan Hyeredin
Department of Software Engineering
Adama Science and Technology University
Mobile: +251 92 951 7703
Email: remedanhyeredin@gmail.com
Student ID: UGR/22718/13

has successfully completed the **KUKUNET digital** Internship Program.

Program Duration: July 12 to September 17, 2023

We proudly recognize **Remedan Hyeredin** for the following achievements during this internship:

1. Development of Ethio Address Registration System:

Remedan Hyeredin demonstrated exceptional skill and dedication in developing and implementing the Ethio Address registration system, a project of paramount importance for our organization and the community. His developed system is undergoing rigorous testing and is currently available at <https://kaddress.kukunetdigital.com>

2. Assistant for Kids Coding Course (HTML, CSS, and JavaScript):

Remedan Hyeredin served as an assistant for our Kids Coding Course, providing valuable support in teaching HTML, CSS, and JavaScript to young learners. He played
